MRS. MARY LEE had a very successful lecturing trip in the North. She spoke on "Woman's Suffrage" to good meetings in Port Augusta and Quorn. Mrs. Lee had several hundred people, including a number of ladies, at her meeting in Port Pirie. At the close there was an interesting discussion, in which Mesdames Gonnian and Brazelle took part. Mrs. Lee will visit any country town and lecture on "Woman's Suffrage" if bare expenses of lectures are guaranteed.
